Ms. Shari C. Reig
Deputy Special Master

Dear Ms. Reig,

Thank you for your fax of March 30, 2004 addressed to Mrs. Katznelson.

Our letter of January 20, 2004 followed our letter to you dated December 30, 2003 in which we based our subsidies on previous estimates.

After receiving your latest fax, we studied our documents once again and found out that the estimate that was given was based on subsidy and not on actual cost. The data given in our fax dated March 28 is based on cost for 2004 as requested by you in Mr. Gribez's fax dated March 23, 2004.

I hope that you will consider our application favorably so that we can go on helping the elderly, most of them Holocaust survivors.

Thank you.

Sincerely,

Moshe Harel
Director
